Initial coverage (after you pay your deductible, if applicable)

You pay the following until your total yearly drug costs reach **\$4,660**. Total yearly drug costs are the total drug costs paid by both you and our Part D plan. **When your maximum out-of-pocket costs (what you personally pay out-of-pocket) reach \$2,500, you will not pay any copayments or coinsurance.**

2 (Preferred Brand)	\$40 copay	\$40 copay
3 (Non-Preferred Drug)	\$50 copay	\$50 copay
4 (Specialty Tier)	25% of the cost (\$100 copay maximum per prescription)	25% of the cost (\$100 copay maximum per prescription)

*Some Tier 4 drugs are available in 90 day supply.

Additional Information:

- Most Part D diabetic supplies are covered at 100%

There may be generic and brand-name drugs, as well as Medicare-covered drugs, in each of the tiers. To identify commonly prescribed drugs in each tier, see the Prescription Drug Guide/Formulary.

Important Message About What You Pay for Vaccines – Our plan covers most Part D vaccines at no cost to you. Call Customer Care for more information.

Important Message About What You Pay for Insulin – You won't pay more than **\$35** for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

ADDITIONAL DRUG COVERAGE

Original Medicare excluded drugs

Certain drugs excluded by Original Medicare are covered under this plan. You pay the cost share associated with the tier level for certain Cough/Cold, Fertility, Vitamins/Minerals, Weight Loss drugs. The amount you pay when you fill a prescription for these drugs does not count towards qualifying you for the Catastrophic Coverage stage. Contact Humana Group Medicare Customer Care at 1-888-700-2263.

Coverage Gap

Most Medicare drug plans have a coverage gap (also called the "donut hole"). The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches **\$4,660**.

You will continue to pay the same amount as when you were in the initial coverage stage.

Catastrophic Coverage

After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach **\$7,400**, you pay the greater of:

- **\$4.15** for generic (including brand drugs treated as generic) and a **\$10.35** copay for all other drugs, or
- **5%** coinsurance (**\$100** maximum out-of-pocket per prescription for a 30 day supply, **\$200** maximum out-of-pocket per prescription for a 90 day supply) regardless of tier.
